TEACHING EXPERIENCE

Illinois State University

Undergraduate Level Courses

PSY 111 Introduction to Psychology

Description: Introduction to the discipline of psychology as the scientific study of behavior with emphasis on theory, methodology, and applications.

PSY 233 Psychology of Personality

Description: Critically examines psychology's most influential theories regarding the nature of persons, including psychoanalysis, behaviorism, cognitivism, and biological theory.

PSY 320 History of Psychology

Description: Historical antecedents of modern psychology. Examination of modern from a systematic point of view.

PSY 350 Psychopathology

Description: Critically examines psychology's most influential theories regarding the nature of psychopathology.

PSY 364 Psychology of Motivation

Description: Evolution of basic concepts leading to contemporary explanation of determiners of action with application to vocational, social, and educational areas

PSY 392 Senior Seminar: The Psychology of Happiness

Description: A capstone course for PSY majors featuring in-depth study of selected topics, i.e., happiness.

HON 202A76 Honors Innovation and Inquiry: The Psychology of Spontaneity

Description: This seminar challenges students to study and explore inquiry from several perspectives.

Graduate Level Courses

PSY 464 Introduction to Counseling Theories/Techniques

Description: Major theoretical positions applied to counseling approaches. Emphasis on science-informed practices relevant to contemporary issues with diverse populations and settings.

DEFENDED DISSERTATIONS, THESES, & CAPSTONES

1. Dissertation External Examiner (University of Toronto) – Elizabeth Wong 2023
