Subject: FAQ regarding campus reorganization

On September 28th I distributed a document titled *Imagine the Future of UWGB* that presented rationale and a business plan for reorganizing the University from two to four colleges developed this summer with the University Committee (extended to include representatives of the two staff councils and the SGA). Since the release of that document, the Provost and I have met with every academic unit. I have convened a series of faculty lunches where the model was discussed (several more are planned in the coming weeks). The Faculty Senate discussed the model at its October 14th meeting. In addition, the Provost and I have consulted with a large number of you individually.

These discussions generated a number of excellent suggestions about how to improve the business model and better explain the new organizational structure. Based on this input, we have revised the plan and developed a list of frequently asked questions which are attached here. I hope this information will be useful to you.

I want to thank Dean Mattison, Dean Furlong, Clif Ganyard, Matt Dornbush, Dick Anderson, SuAnn Detampel, Christina Trombley, Tim Sewall, Craig Sandlin and Adam Miller for working together to develop the FAQ. Please do not hesitate to contact me or members of the senior management team if you have additional suggestions or questions.
