Subject: Giving Thanks

As we approach Thanksgiving, we hope you will all take time to enjoy family and friends, take a breather in the middle of a busy semester and, of course, eat some good food. We are thankful for the opportunity to work with you and the members of this community. We are thankful to be part of your creativity, commitment and love of this place. Thank you.

There are many in our community and throughout the world who are much less fortunate than ourselves. As we give thanks for our blessings, please join us in doing what we can to support and comfort the many around us who are in need.

We wish you the very best during this season of Thanksgiving.
