

## **6<sup>th</sup> Grade Conceptual Development Tasks (POM/SVMI)**

This set of tasks uses **Problem of the Month (POM)** from Inside Mathematics and MARS tasks. The POMs can be accessed using this link: <http://www.insidemathematics.org/problems-of-the-month> or through the Silicon Valley Math Initiative (SVMI) website. This website is password protected and requires school district membership. *EGUSD employees only:* contact Julie Villeneuve ([jville@egusd.net](mailto:jville@egusd.net)) or Patricia Gibson([pmgibson@egusd.net](mailto:pmgibson@egusd.net)) and we will provide password access.

The **MARS tasks for 2<sup>nd</sup> – 6<sup>th</sup> grades** can be accessed from Inside Mathematics using this link: <http://www.insidemathematics.org/performance-assessment-tasks>. Kindergarten and 1<sup>st</sup> grade along with 2<sup>nd</sup>-6<sup>th</sup> grades can access them also through the Silicon Valley Math Initiative (SVMI) website. This website is password protected and requires school district membership. *EGUSD employees only:* contact Julie Villeneuve ([jville@egusd.net](mailto:jville@egusd.net)) or Patricia Gibson([pmgibson@egusd.net](mailto:pmgibson@egusd.net)) and we will provide password access.

These conceptually based tasks are aligned with CA GO Math. They are designed to complement unit instruction and may be inserted at any point during the unit of study.

When you open the document, note that there are 7 sheets. Check the tab at the bottom to be sure you are looking at the correct grade level.

If you have questions or need access with located, selecting, or planning to use the tasks, please ask Julie, Pat, or your instructional coach for support.
