

Rationale for Recommendations 6th grade

Chapter/Lesson Recommendation	Rationale Support from Framework
6.5 Problem Solving - Distance, Rate, and Time Formulas	6.RP.3d is not addressed in this lesson. See Framework p. 8 and Example 3 p. 12 This standard is partially embedded in 9.3
10.8 - Problem Solving - Changing Dimensions	This lesson does not align with the Framework for standard 6.G.1. Students need to be able to compose and decompose polygons, but this does not relate to changing the dimensions. See Framework p. 37, 38
