Searching for a Course

Please note that only courses that are open to your specific demographic (your official position/classification/location) **and** have open seats/open waitlist spots will show in the course catalog. If the course is not open to your demographic, or if all seats/waitlist spots are full, the course may not show in the catalog. If the registration window for a section has closed, it will not show in the course catalog. If you have already attended a course before, or are already registered for another section of the course, you will not be able to register for another section.

Basic Search

1. In the Course Search channel on the homepage, enter a search term (full title, keywords, or course/section numbers), then click **Search**. You can also click **Show All** to browse the entire course catalog of courses that are available to you (based on your district demographics such as location and job classification).

The screenshot shows a search interface titled "Course Search". Below the title, there is a text prompt: "Use quotation marks (i.e., 'science in the classroom') to search for an exact phrase." This is followed by a search input field, a blue "Search" button, and an information icon (i in a circle). At the bottom of the search area, there are two links: "Advanced Search" and "Show All".

2. A list of all courses matching the criteria and available to you (location, demographics) displays.

Advanced Search

1. In the Course Search channel, click **Advanced Search** for a more detailed search of the catalog.

The screenshot shows the same search interface as above, but with the "Advanced Search" link highlighted in blue, indicating it has been selected.

2. Complete the form on the next screen, then click **Search**.

Withdrawing from a Course

When you are unable to attend a workshop that you are registered for, please always be sure to withdraw (previously called “drop” in the ERO system) from that course. Withdrawing allows any waitlisted staff to be registered, allows you to register for another section of the course in the future or register for a different course on the same day/time, and also gives presenters an accurate count of attendees for planning purposes.

1. Locate the My Courses channel, and click **Manage and Withdraw From Courses**.

2. Locate the course from which you wish to withdraw, click **Actions**, then select **Withdraw**.

3. Click **Withdraw** again to confirm.

Please confirm that you wish to withdraw from the following course.

Taking a Survey

What were previously called Course Evaluations, which were forms completed at the end a workshop, are now called **Surveys** and are completed directly in the PL Essentials system. Completing the course survey is highly encouraged, but is not required for credit to be posted. Surveys will only appear for courses that are posted to official transcripts within 2 weeks of the course end date, so they may not appear for all courses that you attend. If you have important/urgent feedback on a workshop that there was no survey for, please contact CPL directly.

1. To access your surveys, locate the **My Surveys** channel.
2. Once a course is completed and the participant is marked complete, a survey will appear in this list. Click on **Start Survey**.

Submitting External Credit Requests

To receive salary credit hours for professional learning courses taken outside of the district, a staff member must submit an External Credit Request.

1. At the Navigation bar across the top of the homepage, click **External Credit Request**.

2. To submit a new request, click **New Request**, and select your classification type (Certificated or Classified) from the drop-down menu. Please do not use “Administrative Entry Only.”

3. Read the instructions and notes at the top of the form, and complete the online request form as directed.
4. Once you have completed the form and attached a course description, click **Submit for Pre-Approval** to officially submit, or **Delete This Request** to cancel your submission.

Submit For Pre-Approval

Delete This Request

1. Obtaining your Administrator’s signature is no longer required. Your submitted request form is now sent directly to CPL’s approval queue.
2. **Once CPL has electronically received your submission the 20 working-day processing timeline will begin.**
3. You will be able to check the status of your submitted requests using the PL Essentials system by accessing the “External Credit Request” page the same way that you did to submit a request.
4. Once your submission has been approved by CPL and you have completed your course, you will submit your proof of completion online by going back into the now approved submitted form and attaching a scanned copy of your proof of completion. Human Resources will review your submitted proof of completion and post the completed

course to your official transcript. **Courses more than 3 years old will not be accepted for salary credit hours.**
