

SOIC OPEN HOUSE

IUPUI
SCHOOL OF INFORMATICS
AND COMPUTING

**SATURDAY
OCTOBER 8
3 TO 6:30 PM**

**535 W. MICHIGAN ST.
INDIANAPOLIS
46202**

Join the IU School of Informatics and Computing at IUPUI's Open House event to learn about our school's bachelor and master's degrees! This event is open to high school students and their families, transfer students, and anyone interested in earning a graduate degree either in-person or online. Programming will be offered in two tracks: an undergraduate and graduate path.

All students will have an opportunity to meet our faculty, go on lab tours with our current students, and each registered student will be offered two tickets to the Indy Eleven vs. Charleston Battery soccer game happening on IUPUI's campus that evening. This is Indy Eleven's last home game of the season and their Fan Appreciation night. The game will begin at 7:00pm in Carroll Stadium.
