

NAME _____

DATE _____

Addition Problems

Solve each problem and show your solution. Write an equation to go with the story problem.

- 1 The cafeteria received 285 cartons of milk today. 134 cartons of milk were left from yesterday. How many cartons of milk does the cafeteria have to sell today?

2 $391 + 88 = \underline{\hspace{2cm}}$

3
$$\begin{array}{r} 126 \\ + 275 \\ \hline \end{array}$$

Ongoing Review

- 4 Which expression does **NOT** equal 100?
- (A) $65 + 35$ (C) $13 + 87$
(B) $48 + 52$ (D) $29 + 81$

NOTE

Students solve addition problems with 2- and 3-digit numbers.
