Solving Subtraction Problems

Solve the following problems and show your solutions. Write an equation for the story problem.

1 $242 - 160 = \underline{\hspace{2cm}}$

- 2 Ms. Santos's class has collected 208 cans for the third grade's recycling project. Mr. Rivers's class has collected 88 cans. How many more cans has Ms. Santos's class collected?

3
$$\begin{array}{r} 168 \\ - 73 \\ \hline \end{array}$$

- 4 Write a story for this problem, and then solve the problem.

$194 - 112 = \underline{\hspace{2cm}}$
