

Name: _____

Home Reading Nook Project

Everyone should have at least one special place at home where they like to read. We call these special places our “reading nooks.” Your job is to tell the rest of us about it and here’s how you’ll do that...

After you locate your reading nook, grab a book and plop yourself down in your nook. Have someone at home take a photograph of you reading the book in the nook (you should be looking at the book and NOT the camera!!)

Parents: please print the picture in 4x6 size and in color. If you are unable to do that, please email me the picture and I will print it here at school. Attach your picture to the “My Reading Nook” sheet.

The next step is to fill out the lines below the picture describing your reading nook. Tell us where it is and what makes it a great place to read. Please return the writing and the photograph to school by **Friday, September 20th**.

Ideas for reading nooks:

- Couches
- Comfy Chairs
- Bean bags
- Beds
- Any other quiet, comfy area
