

Graduate Certificate in Gerontology

Program highlights:

- Online, flexible and user-friendly
- Highly personal and interactive
- Ideal for working professionals
- Lasting professional connections
- Part of the award-winning Management of Aging Services program

The Graduate Certificate in Gerontology from UMass Boston is designed to prepare administrators, program managers, and leaders in the field of aging services. The program is ideal if you want to enhance your resume with a professional certificate, or test the program before pursuing a master's degree.

The certificate can be completed fully online, allowing you to advance at your own pace. Choose any 5 courses from the Management of Aging Services curriculum, all of which also count toward the master's degree. Students gain practical learning experience from industry professionals, and form lifelong connections with faculty, advisors, and classmates.

Whatever your goals, this program will enhance your knowledge of the impact of aging on societies, for your personal and professional benefit. This certificate from one of the world's oldest, most reputable Gerontology departments could be the next big step in your career.
