

THE LEADING AGE LTSS CENTER @UMASS BOSTON IS LOOKING FOR OLDER ADULTS INTERESTED IN RESEARCH!

[Join an Online Community of Older Adults and Researchers \(click to join\)](#)

NO RESEARCH EXPERIENCE NEEDED

We are looking for older adults to join our Mighty Network!

Our Mighty Network is an online community for researchers and older adults. Community members work to improve research.

We are looking for older adults who have a range of chronic conditions and needs to join our community.

We will host an online event in October for Mighty Network members. This event is called the Sages' Symposium. This event will bring older adults and researchers together to learn more about research partnerships.

[APPLY FOR A TECHNOLOGY AWARD](#)

*This project is funded by the Patient-Centered Outcomes Research Institute (PCORI) through a Eugene Washington PCORI Engagement Award (EAIN-00060).

Who is Eligible?

Older adults interested in joining our Mighty Network and the online Sages' Symposium (planned for October 2020) are eligible.

Older adults must have **NO OTHER** technology available to them.

What is Funded?

Technology funds are used to pay for low-cost equipment to join the Mighty Network and Symposium. Examples include a tablet, camera, or wireless internet equipment. Funds also can be used for hands-on support to set up the technology. Funds cannot be used for an organization's general office supplies.

What is the Deadline?

Requests for funds are due no later than September 30, 2020.

How are Funds Awarded?

Funds are limited. We will provide technology to eligible people on a 'first come, first serve' basis until funds are gone.
