*(please answer questions on the back of this sheet)*

1. Reasons for enrolling in this course.  requirement  for fun  professional reasons  other

2. Did the course fulfill your expectations? As a basic intro Spanish class, yes. I disagree with the requirement.

3. How useful, interesting and appropriate for your proficiency level were the readings from the Course Packet (*La independencia de México*, el poema *Recuerdo Infantil* y el fragmento de la novela *Tía Lola que vino de visita a quedarse*)?

Not particularly interesting, neither are the culture sections. Seeing Spanish in the form of Lola Lago is better.

4. Did you watch the videos in CENTRO? Did you find the videos useful? Did you do the activities based on those videos found in the Course Packet?

I did the lab activities

5. How did you like doing your lab assignments in CENTRO? Do you recommend we use CENTRO again next year?

Centro isn't bad but it can be a pretty harsh grader, especially the fill in the blanks as spelling with accents can be confusing.

6. How did you like the chapter book *Lejos de casa*? Yes, it is a very good way for us to see the grammar/vocab in use and to learn new, everyday vocab.

7. Was the amount of homework appropriate? Yes

8. List the major strengths of the course.

It gives you a decent amount of basic vocab/grammar, and helps you grow comfortable with them by repetition.

9. How might the course be improved? Be specific.

Repetition is good but it should maybe be used less democratically so as to really focus on harder sections. Also focus more on everyday language

connectors as they inhibit English → Spanish the most.

12. Other comments:

The class environment was fun and refreshing and the material good but I don't see the need for a language requirement especially for these students taking a demanding major. We are mature students and the cultural value seems minimal...
