# Exploring Artism

The Yale Center for British Art continues its free program for families with children who are five to twelve years of age and on the autism spectrum. While the building at 1080 Chapel Street is closed for conservation in 2015, the program will meet off-site at the campus of **Chapel Haven, 1040 Whalley Ave., New Haven.**

Preregistration is required. Please e-mail [ycba.education@yale.edu](mailto:ycba.education@yale.edu) or call 203 432 2858 with your name and contact information. A museum educator will contact you to complete your registration. While the needs of individuals with autism are taken into account for the design of this program, it is also intended to be fun for parents, siblings, and other relatives too!

For more information about past sessions, visit [exploringartismycba.commons.yale.edu](http://exploringartismycba.commons.yale.edu)

This program is recommended  
by the Autism Parents Community.
