The Office of the Provost invites faculty to apply for funding to support innovative teaching and learning projects. Seven funding opportunities are available; click the name below to go to a description of the opportunity and view the questions that will be asked on the application:

- Innovative Course Design Grant
- Innovative Course Module Design Grant
- Interdisciplinary Teaching Initiatives (ITI) Grant
- Large-Scale Teaching & Learning Grant
- Massive Open Online Course (MOOC) Grant
- Emerging Technology Grant
- SOLER Seed Grant

The deadline to submit proposals is **Monday, May 1, 2023, at 5:00 P.M.**

What funding source are you applying for?

- Innovative Course Design Grant
- Innovative Course Module Design Grant
- Interdisciplinary Teaching Initiatives (ITI) Grant
- Large-Scale Teaching & Learning Grant
- Massive Open Online Course (MOOC) Grant
- Emerging Technology Grant
- SOLER Seed Grant

Click the arrow button to proceed to the application.
Innovative Course Module Design Grant
This fund supports experimentation with a new pedagogical strategy or tool without attempting a full course redesign. These grants are designed to promote innovative thinking about and approaches to teaching, learning, and student engagement that involve scalable high-impact practices and thoughtful assessment of student learning. Awards are up to $2000 plus in-kind CTL support.

What is the name of the principle investigator (PI) who will act as the primary contact for this grant application?

__________________________________________________________________________

What is the UNI of the primary contact PI?

__________________________________________________________________________

What is the title of the primary contact PI?

__________________________________________________________________________

What is the department of the primary contact PI?

__________________________________________________________________________

What is the school of the primary contact PI?

__________________________________________________________________________

Please list **additional PIs**, including their names, titles, and UNIs:

________________________________________________________________
________________________________________________________________
________________________________________________________________
________________________________________________________________

Please enter the full **title** of your proposal:

________________________________________________________________

Please enter the **budget** requested in your proposal:

________________________________________________________________

Does your proposed project include the application of generative artificial intelligence tools to enhance teaching and learning?

- Yes (1)
- No (2)

Does your proposed project create a new course or modify an existing course?

- New
- Existing

If previously existing, what is the **course name and number**?
Is this a graduate or undergraduate course?

- Undergraduate
- Graduate
- Both

When will you teach this course? Select all that apply.

- Fall 2023
- Spring 2024
- Summer 2024

If an existing course, how many students were enrolled the last time it was offered?

________________________________________________________________

How many students do you anticipate will enroll in the course?

________________________________________________________________

Upload your documents.
Attach your proposal with combined letter of support from your department chair or vice dean as one PDF.
Click the arrow button below to submit your completed application.
