

SPANISH NONWORD REPETITION TASK: Kohnert 2008

Name: _____ Age: _____ Date: _____

Languages(s)/Dialect(s): _____ Recorder: _____

Instructions: “Voy a decir unas palabras inventadas. No son palabras de verdad y suenan chistosas.
Despues de que yo diga una palabra, quiero que tu la repites.”

1 Syllable	2 Syllables	3 Syllables	4 Syllables	5 Syllables
/du/ ____	/ná ge/ _____	/te bá ka/ _____	/tʃi no té ba/ _____	/be te tʃo dú pe/ _____
/gi/ ____	/bó pa/ _____	/tʃo bí ga/ _____	/no tʃi bé ni/ _____	/do bi nu tʃí ga/ _____
/pe/ ____	/tú njo/ _____	/be tʃí po/ _____	/di tu já bu/ _____	/ni tʃu to ná be/ _____
/bo/ ____	/dé fu/ _____	/nu tí fe/ _____	/te do tʃí go/ _____	/te be tʃí nó ge/ _____
____/8	____/16	____/24	____/32	____/40
			PPC= _____	Total PPC ____/120

Scoring:

- Each phoneme (C or V to be scored as correct or incorrect in relation to target phoneme).
- Phoneme SUBSTITUTIONS and OMISSIONS = INCORRECT.
- Distortions of a phoneme = Correct. *Phoneme Additions* are NOT counted as errors.
- Where syllable structure is not recreated correctly (i.e., addition or omission one or more syllables) individual phoneme scoring proceeds after aligning syllable sequence produced by subject as nearly as possible to target, using vowels repeated as syllable anchors.
- Number of phonemes repeated correctly to be divided by total number of phoneme targets
- (PPC = Percentage of Phonemes Correct) at each non-word length (1PPC, 2PPC, 3PPC, 4PPC, 5PPC)
- and for entire set (TOTPPC).
