"The Private is Political" solo show by Dhea Kothari '22

April 6, 2021

Check out the new solo show by Dhea Kothari '22, on view now at the Wikoff Student Gallery in the Nott Memorial!

Dhea's paintings address concepts of gender and form a critical view of the surrounding social, political and cultural issues. Her recent work revolves around the day-to-day life of South Asian women and explores the heavy burden of being a woman in a patriarchal world.

Hear more from Dhea this week as she takes over our IG and look out for more takeovers throughout April in honor of Admitted Students' Month! @dhea.kothari.art @unioncollege @mandevillgallery @ucgsws @unionpsych
