## Other Publications

In addition, we now have a sizable series of titles in the Palgrave Studies in Lived Religion and Societal Challenges: <https://link.springer.com/series/15215> . There are also series on The Anthropology of Christianity, one from California University Press: <https://www.ucpress.edu/series/antch/the-anthropology-of-christianity> ; and another from Bloomsbury: <https://www.bloomsbury.com/us/series/new-directions-in-the-anthropology-of-christianity/>.

Lived Religion has been the subject of special issues of prominent journals in the field of Religious Studies, including *Religions* and the *Journal of Contemporary Religion*. There is also a free-standing journal on *Implicit Religion*.

I have a separate bibliography on the theme of [the History of the Senses](#), which at many points touches on the issues described in my Lived Religion project.
