Research and Scholarship

- **Dissertation Writing Lab** - A week-long workshop designed for students in their final year of dissertation writing. Students receive meals, practical assistance, community support, and a designated space to jumpstart summer writing.
- **English for Academic Purposes (EAP Course)** - Course designated for international graduate students and visiting scholars to gain necessary language and communication skills in order to achieve academic success.
- **Graduate Writing Center** - A Writing Center resource staffed by advanced graduate students in STEM, Humanities, and the Social Sciences to provide writing and editing support for graduate students in every stage of their program.
- **Outstanding Dissertation Award** - The highest research award available among the Baylor graduate community. Graduate Program Directors both nominate dissertations and score the nominations. Three are awarded each year.
- **Outstanding Graduate Research Award** - Starting in Fall 2019, three outstanding research awards will be given to graduate students in the Fall and Spring Semester (six total awards). This competitive award provides an additional travel grant for conference or research support.
- **Research Showcase** - Provides students an opportunity to showcase their research on campus and compete for cash prizes. Helps prepare students for poster presentations and conference presentations.
- **Summer Dissertation Fellowship** - Designed to provide extra support to students in the final stage of dissertation writing. This competitive fellowship offers \$3000 summer support paid over two months (June and July).
- **Three-Minute Thesis Competition** - This interdisciplinary contest challenges graduate students to present the content and significance of their research projects in just three minutes using language appropriate to an intelligent but non-specialist audience. It helps students hone the significance of their research and prepare for grant writing and the job market; it also offers cash prizes.
- **Travel & Research Stipends** - Students may receive up to \$400 twice a year for conference travel from the graduate school; students may also apply for a one-time doctoral research grant for \$400 from the graduate school which is matched by departments (total of \$800).
- **Workshops** - Our Graduate Pathways to Success (GPS) programs provide additional training for students in preparing to write dissertations and thesis, applying for grants, cultivating professional identities, and publishing.
