

Cornell University  
Robert Frederick Smith School of Chemical and Biomolecular Engineering  
Graduate Women's Group

## Women's Outreach in Materials, Energy, and Nanobiotechnology

Saturday, April 20<sup>th</sup>, 2024  
8:00 AM – 4:00 PM  
Cornell University

**For safety and comfort in all laboratory modules, please wear closed-toed shoes and long pants, and tie back long hair.**

## Why WOMEN?

The WOMEN outreach program provides a unique and exciting opportunity for 9 -11<sup>th</sup> grade girls to learn about science and engineering careers.

Attendees will conduct fun laboratory experiments at Cornell University.

Participating in these interactive modules will teach students about key aspects of chemical engineering. In an exciting day filled with hands-on activities, they'll learn about technology careers, the college application process, and themselves.

There will also be a program available for parents/guardians. Please note there is only room for *one parent/guardian per child* and parents must adhere to the proposed parent schedule.

## Event Program

Saturday, April 20<sup>th</sup>, 2024

### Student Schedule

- 8:15 Check-in \*
- 9:15 Opening Message \*
- 9:20 Group Activity \*
- 9:45 Lab Rotations:
  - Process Engineering*
  - Materials Engineering*
  - Bio Engineering*
- 12:00 Lunch \*
- 1:15 Parent-Student Lab \*
- 2:15 Faculty and Alumni Panel \*
- 3:00 Undergraduate Student Panel \*
- 3:45 Closing Message

### Notes:

- Order of events may be subject to change.
- Parents are invited to attend student activities denoted (\*), in addition to a full parent schedule.
