

Visiting Assistant Professor in Environmental Engineering

Villanova University's Department of Civil and Environmental Engineering (CEE) seeks applications for a full-time non-tenure track visiting faculty position in Environmental Engineering. This is a one-semester appointment for the spring semester of 2022. The successful candidate will be expected to co-teach an undergraduate environmental engineering science course and associated lab with a full-time faculty member, as well as teach a senior level elective course and a graduate course. The successful candidate must be able to work collaboratively in the classroom with existing faculty in a co-teaching capacity. The candidate is also expected to maintain a presence on campus and be responsive to students as a full-time member of the faculty for the duration of the appointment.

The CEE Department is recognized as a leader in providing a distinctive broad-based civil engineering education, grounded in Augustinian Catholic values and a commitment to service. The department strives to be widely acknowledged as a premier program known for our outstanding pedagogy and curricula, international opportunities, and personal attention to students at both the undergraduate and graduate levels. The Department has 19 full-time faculty members (13 tenure-track faculty and 6 teaching faculty) including 9 female faculty. There are approximately 220 undergraduate (freshman through senior) and 125 graduate students, and offers B.S. (Civil Engineering), M.S. (both Civil Engineering and Water Resources/Environmental Engineering), and Ph.D. (Engineering) degrees. Villanova is located 12 miles west of Philadelphia along the historic Main Line. The University is ranked #53 among the nation's best colleges and universities by US News & World Report in its 2020 "Best Colleges" rankings.

Villanova is a Catholic university sponsored by the Augustinian order. Diversity and inclusion have been and will continue to be an integral component of Villanova University's mission. The University is an Equal Opportunity/Affirmative Action employer and seeks candidates who understand, respect and can contribute to the University's mission and values. From its founding in 1842 to its position today as a nationally recognized university, Villanova University has forged a path of academic excellence. The University is strongly rooted in a sense of community, and the CEE Department and College of Engineering are deeply committed to work-life balance and providing family-friendly programs for our faculty.

Minimum Qualifications: A Ph.D. in Civil and Environmental Engineering or closely aligned discipline is required (must be completed at the time of hire). The applicant must demonstrate a dedication to teaching excellence at both the undergraduate and graduate levels.

Applications must be completed online at <https://jobs.villanova.edu/postings/21437>. Application packages must include curriculum vitae; academic transcripts; statements on teaching philosophy and the names and contact information of three references. Review of applications will begin in October 2021 and continue until the position is filled.
