

CONSTRUCTION SITE RELEASE

Skanska USA Building Inc., through its officers, employees, engineers, architects, independent contractors (collectively, "Skanska") and its subcontractors (Skanska and subcontractors collectively referred to as "Released Parties") are currently performing work in connection with the construction of a project commonly known as GWCC Signia by Hilton ("Project") on property commonly referred to as GWCC Hilton Hotel ("Property").

The Released Parties have individually and/or collectively advised the undersigned, _____ ("You" or "Your") that Your presence on the Project and/or Property will expose You to dangers and risks including serious bodily injury or death which can be caused by, among other things, heavy equipment, falling and moving objects, uncertain and unsecure walkways, footways, hazardous materials, incomplete construction, tools, materials and numerous other, dangerous and hidden perils which are associated with the performance of construction work.

After being warned of these dangers, You have been afforded the opportunity to ask questions and obtain explanations in order to fully understand the inherent dangers and risks which arise from Your presence on the Project and/or Property. It has also been explained to You that due to these dangers and risks, the Released Parties do not want to permit You to be present on the Project or Property, since it can potentially lead to liability, costs and/or expenses to the Released Parties.

You are aware that You may have this Construction Site Release reviewed by counsel should You so desire prior to executing it and being permitted on the Project and/or Property.

That notwithstanding, You desire to be present upon the Project and/or Property for Your own reasons and You fully understand that absent the execution of this Release, You will not be permitted on the Project or Property.

In consideration of the Released Party permitting You to be present on the Project and/or Property, You do hereby fully and completely give up, remise, release, acquit, satisfy and forever discharge the Released Parties, including, but not limited to, their insurers, affiliated and subsidiary corporations, divisions, directors, stockholders, partners, officers, employees, agents, and their successors, predecessors, heirs and/or assigns, of and from all actions, controversies, losses, damages, rights, injuries, claims, judgments and liabilities and/or demands of any nature whatsoever in law or in equity, which You have and/or shall hereafter have or may have against one or more of the Released Parties for, upon or by reason of any personal injury, loss, injury to property and/or death, or any matter, cause or thing whatsoever which may occur while You are on the Project and/or Property or in the proximity of any construction work being performed and/or improvement erected on the Project and/or Property.

To the extent that any term, condition or provision of this Construction Site Release is deemed invalid by court of competent jurisdiction, it shall not affect any other term, condition or provision of the Construction Site Release and the protection it affords to the Released Parties.
