

550+ Ph.D.s | 900+ Consultants
90+ Disciplines | 30+ Offices

Exponent®

Engineering and Scientific Consulting

Exponent Webinar 2022

Date: Tuesday, September 13th, 2022

Time: 11:00 am ET

Speakers:

Bill Goodfellow, BCES, M.S.

Principal Scientist & Practice Director | **Ecological & Biological Sciences**

Mr. William Goodfellow is a Principal Scientist and the Director of Exponent's Ecological and Biological Sciences practice. Mr. Goodfellow is a Board-Certified Environmental Scientist with special emphasis in Environmental Toxicology. [[bio link](#)]

Konrad Kulacki, Ph.D.

Managing Scientist | **Ecological & Biological Sciences**

Dr. Kulacki specializes in aquatic ecology and ecotoxicology. He has 10 years of experience in studying the effects of anthropogenic stressors on aquatic organisms and ecosystems. Dr. Kulacki is familiar with the risks associated with numerous environmental pollutants, including biological, chemical, and physical stressors, and with the various methods available to evaluate their effects. [[bio link](#)]

Dustin Burns, Ph.D., GStat

Managing Scientist | **Data Sciences**

Dr. Dustin Burns assists clients in the commercial and government sectors design and implement AI strategies at scale. Combining his background in laboratory experiments with his expertise in data analytics and cloud computing, Dr. Burns contributes to projects along the entire data science lifecycle, from experimental design and data collection, through data quality assurance, exploratory data analysis and cleaning, to modeling, visualization, and reporting. [[bio link](#)]

Rodolfo Jaffé, Ph.D.

Senior Scientist | **Ecological & Biological Sciences**

Dr. Jaffé is a quantitative ecologist with more than ten years of research experience. He relies on inter-disciplinary approaches, comprising ecological modelling, landscape ecology, and genomics, to assess how the alteration of natural habitats influences biodiversity and the provision of ecosystem services. [[bio link](#)]

All levels of Ph.D. students are invited. With questions on how to apply, please email Sean Allen at sallen@exponent.com (include CV).

If you are a Ph.D. candidate with strong communication skills, are motivated to learn on the job, and have a desire to apply your education in unexpected and innovative ways, Exponent will be an exciting opportunity for you! At Exponent, we work on many of the most challenging and prominent engineering and scientific problems in the world. Our Ecological & Biological Sciences and Data Sciences Practices invites you to learn more about how you can make a difference through engineering and scientific consulting.
