

# Summer Intern Program

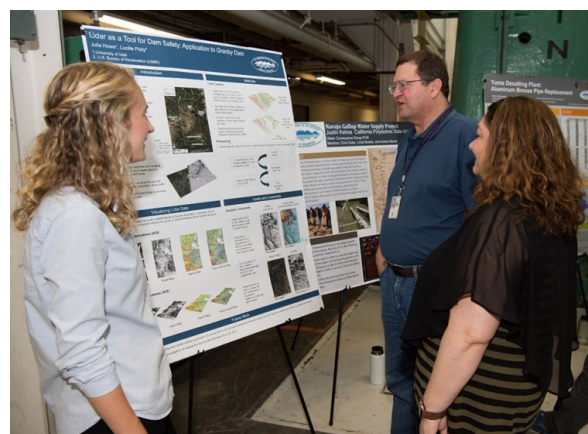

— BUREAU OF —  
RECLAMATION

## Reclamation Wants You!

The Bureau of Reclamation manages, develops, and protects water and related resources in the American West. Located at the Denver office, Reclamation’s Technical Service Center (TSC) consists of approximately 500 scientists and engineers who provide innovative solutions to water and power resource issues.

The TSC is seeking motivated, hard-working, resourceful individuals for a summer internship program. Candidates must be enrolled in undergraduate or graduate programs in engineering or related science fields. Limited spots may be available for other disciplines.

The program includes (current COVID status allowing):

- an 11-week summer internship
- weekly professional development series
- field trips to local dams
- poster or webinar symposium

### Opportunities in...

Biology/Ecology  
Civil Engineering  
Economics  
Electrical Engineering  
Environmental Engineering  
Geology/Geophysics  
Geotechnical Engineering  
Hydrology  
Materials Engineering  
Mechanical Engineering  
Water Asset Management

**Applications for Summer 2023 are due January 3!**
