
Highly motivated 3rd year chemical engineering student with strong analytical skills. Extensive academic background with emphasis in science, technology, engineering and math. Seeking a leadership position within the RHA, Director of Development.

MEMBERSHIPS: AiCHE

FORMAL EDUCATION:

Jul 20 – Present:	Chemical Engineering student Georgia Institute of Technology	Expected graduation 2026
May 17 – Jun 20:	High School Graduate Lowndes High School Valdosta, GA.	GPA 4.0 (unweighted) Member of Beta Club

SKILLS:

Programming	Extensive use of MATLAB throughout coursework Highly proficient with Aspen	Georgia Tech
Communication	Design proposals Technical reports Presentations	Georgia Tech Eagle project / Boy Scouts
Languages	English (fluent) French (conversational)	3 years in High School Study abroad, Lyon France, summer 2022

RELEVANT COURSEWORK

Organic Chemistry I / II

- Learned analytical methods that will be useful in all future projects
- Better developed an understanding of synthesis reactions and NMR graphs

Chemical Process Principles

- Became familiar with ASPEN design software
- Learned to understand and design chemical process flows

LEADERSHIP / COMMUNITY:

Eagle Scout, Boy Scouts of America

2020

- Organized two dozen volunteers to refurbish 96 fire hydrants for local community fire department
- Senior Patrol Leader for 2 separate troops

Club Founder / President, Dungeons and Dragons at Georgia Tech

2020 - 2022

- Founded a now 300 strong student organization with a budget of \$8,000
- Enables students to organize events, connect with each other, network and most important – relax!
- Host monthly meetings and events for hundreds of students

Tutor, Valdosta, Ga., are schools / homeschooling

August 2022 - Present

- Provides 6 hours /week of chemistry / math tutoring for struggling high school students from hometown
