

# Validations for Gated Hourly Parking

## Definition and Purpose

Validation of hourly parking in gated locations for campus guests may be needed from time to time. This can be accomplished with daily or hourly parking validations. This defines the process to request parking validations for department guests, special events, conferences or other event.

## Rules and Regulations

- GT Departments, the GT Hotel, Global Learning Center, Tech Square Retail businesses, Vendors/Other entities may pre-purchase parking validations in specified gated campus visitor parking lots.
- Validations may be purchased on-line at <https://pts.gatech.edu/visitors-validations-request-form> via the on-line form.
- Standard rates are displayed at each gated hourly parking lot and on the Visitors Validation Request form.
- Rates are determined for validated parking depending on the area, validation type and length of stay.

## Restrictions

- Campus lots setup to accept parking validations include gated locations only:
  - Area 1 (North Avenue Visitor lot)
  - Area 3 (W02 Student Center deck)
  - Area 5 (W23 State Street Deck)
  - Area 12 (W22 Dalney Deck)
  - E81 (in Tech Square - GT Hotel/GLC)
- Validations are non-refundable.
- If validations are pre-paid for a specified amount of time, which is less time than the time a vehicle was actually in the lot, the fee difference is to be paid by the guest before the gate arm raises and the car is allowed to leave.
