

# Graduate Student Fellowships

DEPARTMENT OF ENERGY  
NATIONAL NUCLEAR SECURITY ADMINISTRATION

The Consortium for Enabling Technologies & Innovation (ETI) is offering two graduate fellowships. These fellowships are geared toward students with an interest in one of the ETI's three thrust areas. See <https://eti.gatech.edu> for more information regarding the thrust areas.

ETI fellows receive up to **\$50,000 annually for two years** to cover the costs of tuition, fees, a stipend, and travel. Fellowships also include the opportunity to complete a **summer internship at a national laboratory**.

## Eligibility requirements:

- U.S. citizen or legal permanent resident
- GPA of 3.5 or above
- Enrolled as full-time graduate student at an accredited U.S. college or university
- Commitment to complete a summer internship at a national laboratory
- Commitment to include a national laboratory advisor on dissertation committee

## Applicants must submit:

- Personal career goals statement (500 words max.)
- Proposed graduate research essay and how it relates to the ETI research (750 words max.)
- Two reference letters
- Official undergraduate and graduate transcripts
- Additional information (e.g., awards, publications, conference presentations, service work)

Applications are due **May 1, 2021**. Submit all materials to Leza Young at [leza.young@gatech.edu](mailto:leza.young@gatech.edu).
