SUMMARY:

The Horizons at Georgia Tech Program is looking for talented and energetic individuals to work as Intern Assistant Teachers in a six-week academic enrichment summer program. We are looking for professional, responsible, and caring individuals. Assistant Teachers work alongside certified lead teachers to implement strategies to engage scholars in active learning through non-traditional, hands-on activities in our six-week summer program. Horizons Assistant Teachers work with approximately 15 scholars in small group and individual instruction in mathematics, reading, and science. A successful Assistant Teacher will enjoy working with youth and as a team player to help fulfill the Horizons mission.

A typical day may include academics, arts, swimming, breakfast/lunch and recreational activities. Teaching Assistants will also be responsible for bus monitoring, lunch monitoring, bus loading/drop off, and pick-up coordination as well as attending all field trips. Other duties may also be required.

TIME:

The program runs from Monday, June 6th through Friday, July 15th with mandatory post planning on Monday, July 18th and Tuesday, July 19th. Mandatory orientation, planning and classroom set-up is scheduled for Tuesday, May 31st through Friday, June 3rd. There will also be a mandatory Horizons Teacher workshop, date TBD, and Family Orientation and Scholar Assessment Day on Saturday, May 21st. The program will be closed on Monday, July 4th.

PAY: Assistant Teacher positions qualify for six internship audit credit hours and transcript designation through Georgia Tech Pre-Teaching advisement if registered through the Georgia Tech Career Center. Interns do not pay tuition or fees for the audit credit hours. Audit credit hours for internships are placeholders for full-time status so six audit credit hours + six academic credit hours = 12 hours. However, all students who apply should also verify the rules governing any financial aid they have because audit credit hours do not carry academic credit. Horizons Georgia Tech provides the funding for the internships. Assistant Teachers earn \$11 hour for 288 hours (total of \$3168) for the entire program, including all trainings.
