Note: Students will **ONLY** be transported to the Home Address listed in the school districts student file data base. The exception only applies when this form is filled out completely and approved by transportation for the above listed location. Only one exception per AM and one exception per PM will be permitted per student. Each student needs their own form completed and approved. This ridership is a privilege, and any behavior concerns will result in loss of that privilege and may even result in a suspension from all buses in the district. Thank you for your support and understanding!
