Preparing for your London Scholars experience

It’s important to become familiar with all the resources available to you. Use the checklist below as a guide for researching that campus.

☐ Identify your accommodations and supports
  ▶ Accommodations
    ■ What academic accommodations are you requesting?
    ■ Which accommodations do you use regularly?
    ■ What residential accommodations are you requesting?
  ▶ Supports
    ■ What other supports did you rely on in high school? Examples could include academic coaching or therapy.

☐ What is available at the London campus?
  ▶ Review campus requirements
    ■ What are the program’s physical and mobility requirements? Will there be extensive travel or physical activity involved throughout the program? What are options for transportation?
    ■ What are the program’s dining and housing options? Are there alternative options for dietary restrictions?
    ▶ Are there guidelines for what medications you may bring or have shipped to you?
    ▶ If you need additional equipment, such as for storing medical supplies, is that equipment readily available?
    ▶ Are your accommodations available to use at the campus?
    ▶ Will you be able to access the supports you need throughout your program? For example, if you regularly see a therapist, will you be able to keep regular appointments?
    ▶ Will you be able to carry and/or receive necessary medication while at that campus?
    ▶ Will housing and dining options be adequate to meet your needs?
    ▶ Will you need to explore additional supports for transportation?
Preparing for departure

Begin preparing for the experience well in advance of your departure by doing the following:

☐ Connect with the DRC
  ▶ Discuss how your accommodation requests can be submitted.
  ▶ For guidelines for documenting specific disabilities, please see: https://drc.sites.northeastern.edu/incoming-and-unregistered-students/

☐ Requests for accommodations at the London campus: studentsupport@nulondon.ac.uk
  ▶ The London campus does complete its own review and determines accommodations
