

# St. Edward's University

## Essential Learning Outcomes

Guided by our Holy Cross Mission, St. Edward's University appreciates that each student arrives with a unique set of experiences. The University's Essential Learning Outcomes embody our charge to meet students where they are and build upon their backgrounds through progressively more challenging projects and higher standards for performance. Curricular and co-curricular programming creates a distinctive educational journey toward community engagement, professional achievement, and lifelong learning.

### University Essential Learning Outcomes

St. Edward's University students will develop their abilities to synthesize and apply learning to effect positive change in personal, local, and global contexts through the continued acquisition of

#### Knowledge of Liberal Arts and Sciences

Demonstrate competence in a specific discipline.

Integrate a broad liberal arts and sciences perspective within the discipline.

Articulate the roles of liberal arts and sciences in society.

#### Intellectual and Applied Sciences

Communicate effectively through oral, written, and visual forms.

Demonstrate information, quantitative, and visual literacies in a variety of contexts.

Use critical, creative, and collaborative thinking to solve problems and achieve common goals.

#### Personal and Social Responsibility

Develop skills to maintain mental and physical wellness.

Identify and analyze one's own spiritual and cultural perspectives and demonstrate respect for others' views and values.

Integrate global perspectives and moral reasoning to make personal and professional decisions in pursuit of social justice.
