

Pennington Biomedical Research Center PRESENTS...

“Building an Infrastructure for Community Engaged Research for Health Equity”

Elizabeth B. Lynch, PhD

Professor, Department of Preventive
Medicine

Director, Section of Community Health
RUSH Medical College

Dr. Lynch is a health equity researcher focused on development & implementation of effective community partnerships to conduct behavioral intervention research to promote health equity across a wide range of health conditions. Dr. Lynch is the Director of the Section of Community Health in the Department of Family and Preventive Medicine and is co-lead of the Research arm of the RUSH BMO Institute for Health Equity. She is a founder and the Research Director of the Alive Faith Network (AFN), a partnership between African American churches and researchers to address health inequities in African American communities. She is also the co-PI of the Chicago Chronic Conditions Equity Network (C3EN), which is an NIMHD-funded P50 center at RUSH and University of Chicago to develop community-partnered interventions to address health inequity in chronic conditions in the Chicago region.
