

Project 3: Storyboard

Objective: Create a story board that showcases the plan for your Project 3 TikTok

Steps:

1. Think about what approach to your TikTok will be most effective for your audience (silly/serious/absurd/mixture of many)
2. Brainstorm the order of what will happen in the video.
3. Complete all homework in Week 11 (reading articles, watching videos) to prepare you to understand storyboarding.
4. Choose what platform/medium you will use to create your storyboard (hand drawn, Adobe Express, Canva, or others are all fine options)
5. Sketch out at least FOUR panels to represent the different scenes of your TikTok
6. Add a brief caption that describes what is happening in each scene
7. Include a list of materials you will need to accomplish the video (e.g. actors, costumes, props, microphones, etc)

Requirements:

The final story board must include:

- At least four panels that represent the different scenes of your TikTok
- At least four captions (one for each panel) that describes what happens in each scene
- A list of materials you will need to accomplish the video
