

# SPREAD THE APP NOT THE VIRUS.

[GuideSafe.org/app](https://GuideSafe.org/app)

Users of the GuideSafe™ Exposure Notification App can anonymously share a positive COVID-19 test result—and be anonymously notified of potential previous close contact with someone who later reports a positive COVID-19 test result—without sharing anyone's identity. The app protects your privacy while giving you the power to protect your own health as well as that of your family and your community.
