

# ZZ/ZW Sex determining system in the gecko *Oedura monilis*

Precious Conteh ~ Research Student  
Marquette University ~ Biology Department  
The Gamble Lab

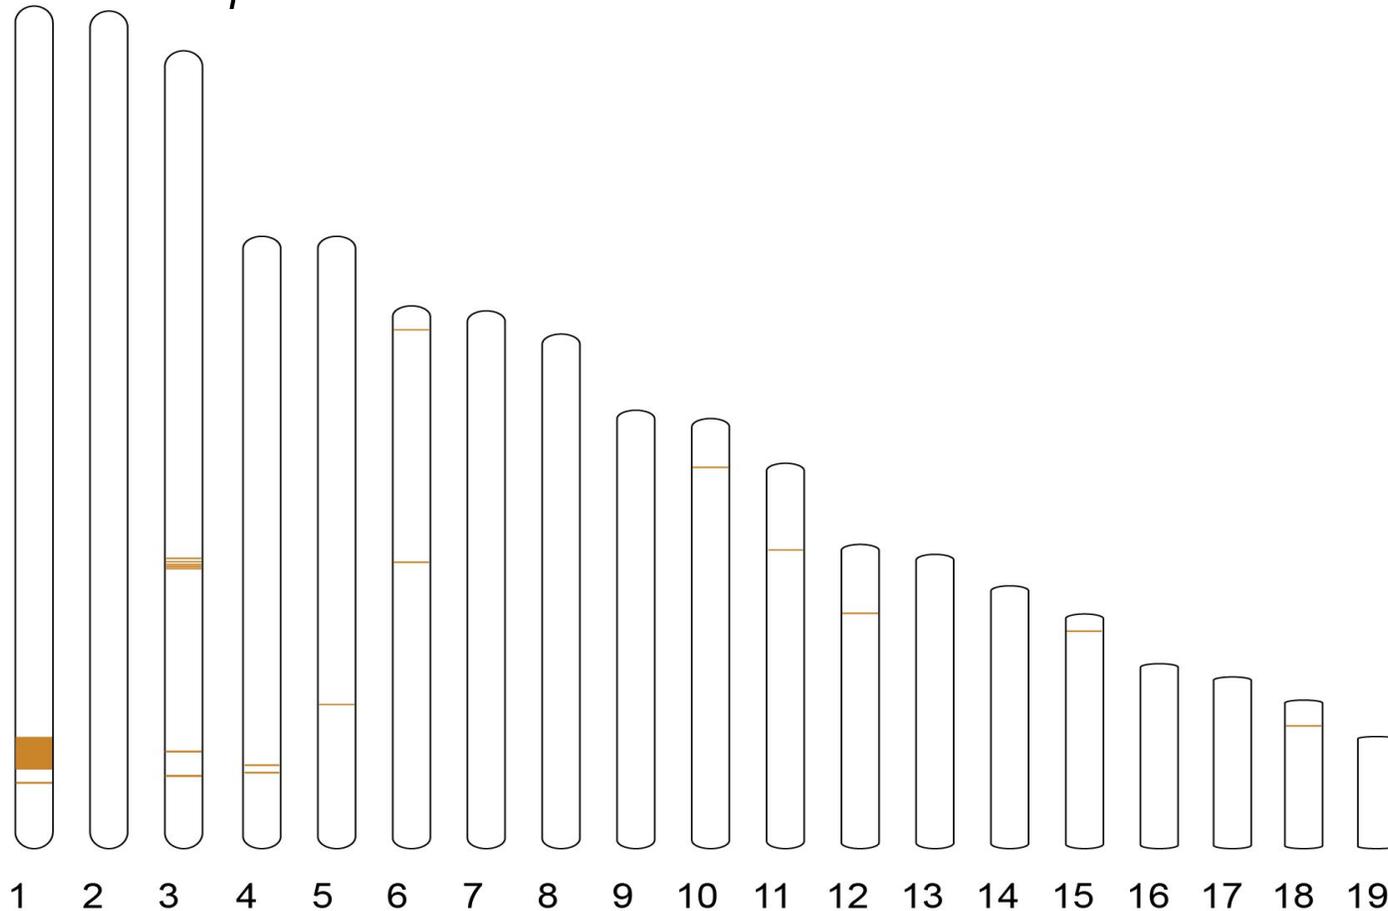

# Background

# Methods/Results

*Oedura monilis* female-specific markers mapped to *Correlophus cilatus* chromosomes

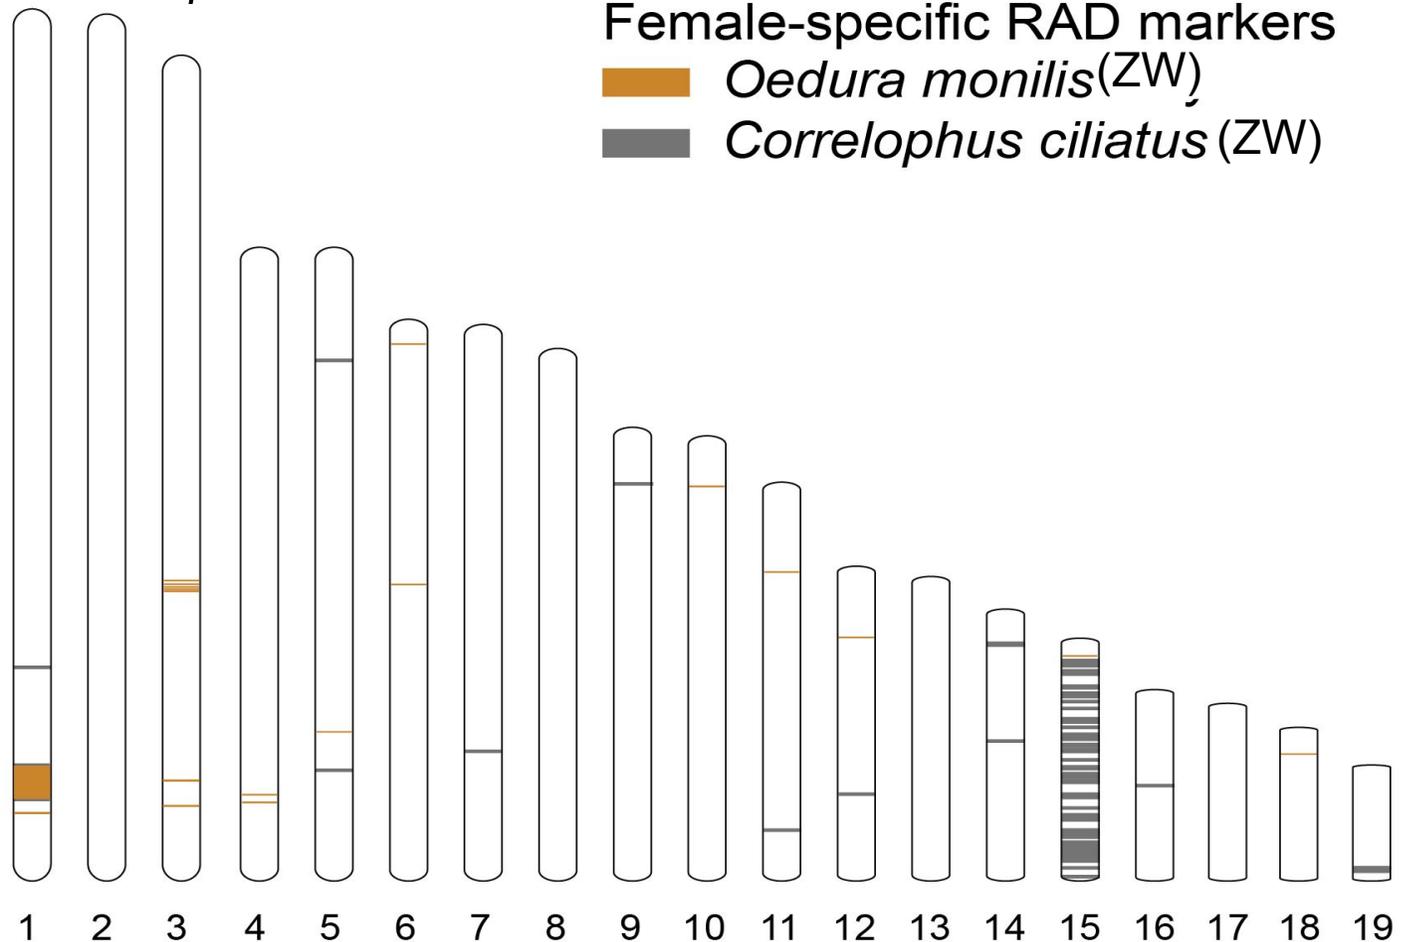

- 23 male-specific tags
- 92 female-specific tags
- 166575 in total

# Conclusion

*Oedura monilis* female-specific markers mapped to *Correlophus ciliatus* chromosomes
