

Transform Ideas Into Successful Ventures

Unleash your entrepreneurial spirit with the Socially and Economically Disadvantaged Individuals Program (SEDI)

F³ TECH ACCELERATOR PROGRAM

WHAT CAN WE DO FOR YOU?

The Eastern Shore Entrepreneurship Center (ESEC), through its F3 Acceleration Program, is seeking innovative technologies, companies and concepts to provide technical assistance business resources, advisory services, investor networking and priority funding opportunities.

The project is a joint effort involving entrepreneurs, the innovation ecosystem, five (5) Historically Black Colleges and Universities (HBCUs), four (4) Chapters of the Minorities in Agriculture, Natural Resources, and Related Sciences (MANRRS) National Honor Society, and the State Small Business Credit Initiative (SSCBI).

OUR MISSION

We aim to inspire and support students and faculty at Historically Black Colleges and Universities (HBCUs) and Minorities in Agriculture, Natural Resources, and Related Sciences (MANRRS) chapters. Our goal is to help you turn innovative ideas into thriving businesses.
