

## Sensory Panelists Needed for Evaluating a New Plant-based Food Product—Your Opinions Matter!

You will take 20-30 minutes in a clean, quiet, and undisturbed booth, tasting one plant-based food sample at the food sensory facility in Worrihow Hall at 529 S College Ave, Room 120, Newark, DE 19716. You will judge the food samples by providing your likeness, your preferences, and your opinions on specific attributes of the food products.

The sensory evaluations will be **from 9 am-11am on Monday, April 22, 2024**. We will accommodate you at the front door of Worrihow Hall.

Eligibility criteria for the study:

- Age 18+
- Past food allergen screening
- Available during designated time period
- No physical or mental discomforts that may influence your sensitivities to food

Participants will receive:

- Snacks or refreshments.
- Privileges to taste new food products!

If you're unsure if you meet the requirements, call or email a member of the study team:

- Juzhong Tan, Ph.D., CFS
- Assistant Professor
- [jztan@udel.edu](mailto:jztan@udel.edu)
- 706-296-2860

**If you are 18 or older and not allergic to gluten or plant-based foods, you may be eligible to participate in research that will guide the future food market!**

## Sensory Panelist Needed for Evaluating New “Vegan Gelato” — Your Opinions Matter

You will take 20-30 min in a clean, quiet, and undisturbed booth, tasting vegan gelato food samples at the food sensory facility at 529 S College Ave, Room 120, Newark, DE 19716. You will judge the food samples by providing your likeness, your preferences, and your opinions on specific attributes of the food products.
