guide the future food
market**

Sensory Panelist Needed for Evaluating New Plant-based Protein Drinks—Your Opinions Matter

You will take 20-30 min in a clean, quiet, and undisturbed booth, tasting one plant-based protein beverage sample (oat-based) at the food sensory facility at **529 S College Ave, Room 120**, Newark, DE 19716. You will judge the food samples by providing your likeness, your preferences, and your opinions on specific attributes of the food products.

The sensory evaluations will start **from 10 am-1 pm on May 15, May 16, and May 17**. We will accommodate you at the front door of Worrilow Hall.

Eligibility criteria for the study:

- Age 18+
- Pass food allergen screening.
- Good availability during designated time periods.
- No physical or mental discomforts that may influence your sensitivities to foods.

Participants will receive:

- An ice cream coupon for UDairy Creamery.
- Snacks or refreshments.
- Privileges to taste new food products.

If you're unsure if you meet the requirements, call or email a member of the study team:

- Juzhong Tan, Ph.D., CFS
- Assistant Professor
- jztan@udel.edu
- 706-296-2860
