

**\$5,000 & \$1,000**

# Grassmanship Scholarships

Dear Range Management Professional,

**Nufarm Grassmanship Scholarship offers one \$5,000 scholarship and four \$1,000 scholarships** to incoming or current undergraduate agricultural majors passionate about land stewardship. We hope you are willing to share this opportunity with students to support their academic pursuits and contribution to the future of agriculture.

At Nufarm, we believe in working together to do everything we can to be the best stewards of our land – a principle we call Grassmanship. In addition to providing relevant range and pasture weed management solutions that improve land quality and grazing outcomes, we want to support students in their passionate pursuit of sustainable land management. We hope the relief the scholarships provide enable students to focus on what's important and supports their success in the future.

**The Application window for the Grassmanship Scholarship Program is open now and will close on March 31, 2025.** Finalists will be expected to participate in an interview with Nufarm staff, and recipients will be notified by May 5, 2025.

Thank you for your time and for sharing this scholarship opportunity. Enclosed are several scholarship fliers for your convenience.

Sincerely,

Chris Cousins  
Customer and Brand Marketing Manager

# PRODUCTIVE PASTURES REQUIRE GRASSMANSHIP.

 MANAGE BRUSH AND WEEDS

 RE-ESTABLISH GRASS QUALITY

 RAISE YOUR CARRYING CAPACITY

## GRASSMANSHIP IS ABOUT PROTECTING YOUR MOST VALUABLE GRASS ASSETS.

Nufarm recognizes your commitment to producing high quality beef. One key step is assuring high-quality range and pasture productivity. Now more than ever, better grass can equate to lower production cost per head and higher profits. When you take the steps to make your grass the best it can be – that’s Grassmanship.

The Grassmanship program provides best practices and product solutions to help you manage range, pasture, and premises with sustainable precision. Nufarm applauds your dedication to quality Grassmanship that makes a true difference to the land and your cattle.

### NUFARM RANGE & PASTURE SOLUTIONS SUPPORT YOU

#### ON THE RANCH...

GRASS QUALITY AND DENSITY RESPONSE

INVASIVE SPECIES MANAGEMENT

BRUSH CONTROL AND RANGE RESTORATION

#### AT THE FARM...

CATTLE-CONCENTRATED PASTURE RECOVERY

HAY AND FORAGE YIELD IMPROVEMENT

IRRIGATED GRASSLAND PERFORMANCE

#### ON THE PREMISES...

OUTBUILDING, ROADSIDE, AND FIELD BORDER WEED CONTROL

## CONSIDER THESE PRACTICES IN YOUR APPROACH TO GRASS MANAGEMENT

**WORK A PLAN:** Develop a plan that addresses under-performing grass assets

**SOIL TEST:** Test in the fall to understand and address fertility needs

**FERTILIZE:** Fertilize using a range of alternatives to increase production

**MOW PASTURE:** Mow highly managed pastures to increase grass density and quality

**ROTATE GRAZING:** Rotate following a diligent paddock or pasture use plan

**RENOVATE PASTURE:** Renovate by planting to improve stand density

**REDUCE WEEDS:** Apply the right herbicide at the right time when needed

Grassmanship™ is about protecting your most important asset, grass. Higher grassland productivity means higher stocking numbers, higher yields and higher profitability per acre.
