Faculty Members are Change Agents The Senate is an Accelerant

Many Opportunities that will require service commitments from faculty

- Leveraging Bio Pharma and NIMBLE to enhance undergraduate programming and community engagement
- Ensure that mentoring is an important part of the promotion and tenure process for both mentor and mentee in order to enhance Inclusive Excellence
- Cluster hires in strategic areas that create new synergy across colleges in order to build interdisciplinary programs
- New undergraduate “Scholars” programs that develop leadership in high impact areas

Questions?

THANK YOU!!!
