

February 2019 GSG Committee Reports

Social Committee

Not submitted.

Events Committee

- Forum page is up. Thanks to the hard work of our team members, Erin and Sindhuja.
- Call for abstract is out. You all should receive an email from communication. Please fill that out and ask your friends too.
- We are having Professional Development Week starting 4/13- 4/17 with the Research Forum being held on 4/17 in STAR campus. There will be workshops led by Dr. Suprawee Tepsuporn (confirmed) and panel discussions with recruiters and alumni to improve on your networking skills. We are also rking with career services, the library, and OISS to run workshops on various aspects of professional development. Some of the topics we are focusing on are:
 - Networking Tips and Strategies
 - Marketing Research Skills

More information can be found on Forum webpage on the grad college website.

Please submit an abstract or register today. Ask your friends as well. We are looking forward to your participation.

We are going to have a GALA with a 2020 visionary theme.

Operations Committee

Not submitted.

Communications Committee

Not submitted.

Diversity Committee

Diversity Committee met twice over the break, once in December and once in January. Most recently we have come up with the idea to coordinate with the Student Diversity and Inclusion Office in the Division of Student Life to have a hybrid event consisting of a LGBTQ+ Resource training and a social. Additionally, we are working on giant PDF Graduate Student HELP ME! Guide to compile all the information we have university-wide for conflict resolution, diversity resources, campus resources. We are focusing largely on information addressing diversity concerns of graduate students, but if other committees would like to contribute a section we would be happy to collaborate!

Student Life Committee
