

The University of Delaware
College of Health Sciences
Biomechanics and Movement Sciences Program

Results of the Qualifying Exam

The Chair of the Examining Committee is to submit this form to the Biomechanics and Movement Science Director, and a copy to the student, within one week of the examination.

We, the undersigned, as the Qualifying Examining Committee for _____,

report the results of the Qualifying Examination held on _____(date)
are as follows (check one):

_____ **Unconditional pass.**

_____ **Conditional pass.** The conditions must be clearly stated, i.e., the exact nature of the deficiency must be described along with a mechanism(s) to repair this deficiency. Conditions must be met within one year. The Chair of the Examining Committee must provide the Biomechanics and Movement Science Director with written notification when the student has resolved the conditional pass.

_____ **Re-examination.** Student will be re-examined within one semester at which time the Examining Committee will render a decision. Please summarize briefly the criticisms that led to this decision and give an estimate of the date of re-examination.

_____ **Failure.** The Examining Committee has decided that the student does not have the potential to complete the Ph.D. program. Please indicate why the student failed the examination.
