

University of Delaware Control of Balance and Locomotion Lab

Healthy Older Adults Needed for Study on Balance and Walking

Who can participate?

- Adults age 55 and over with no history of neurological or physical lower leg injuries
- Individuals who can walk unassisted

What does it involve?

- Walking on a treadmill in our lab at the UD STAR Campus (540 S College Ave, Newark, DE)
- Walking while immersed in virtual reality
- Walking with intermittent balance disturbances
- 3 separate sessions up to 3 hours each with no more than 1 hour of walking per session

How do I get more information?

Contact Abbie Bower by
