

Do you have a friend or a loved one with Parkinson’s disease (PD)? Are you interesting in helping scientists learning more about PD?

We are looking for healthy volunteers for a comparison group for a study on walking in people with PD

Participant Qualifications:

- Must be 40 years old or older
- No history of lower body injury in the last 6 months that affects walking
- No history of cardiac or pulmonary event/procedure in the last 3 months
- No history of neurological injury or illness
- Should be able to walk independently without another person’s assistance for about 10 minutes

Participants will be compensated for their time – please contact us if you are interested!

The study will be conducted at the University of Delaware STAR Health Sciences Campus
540 S. College Avenue Newark, DE 19713
