

Expert witness work
Douglass F. Taber
University of Delaware

I am a Full Professor in the Department of Chemistry and Biochemistry, University of Delaware. I obtained my B.S. from Stanford University in 1970 and my Ph.D. from Columbia University in 1974. I have published more than 200 research articles in my field. Based on my research accomplishments, I was elected a Fellow of the American Association for the Advancement of Science. I am expert in organic synthesis, including pharmaceutical synthesis, and organometallic chemistry and catalysis. I have extensive experience with prostaglandins, antibiotics, and vitamin D derivatives. I have served as an expert witness on patent cases, including preparing expert witnesses, participating in depositions, and testifying.
