Undergraduate Enrollment by Domestic Underrepresented Minority and International Status, and Index of Qualitative Variation, Newark Campus Overall Fall 2016 through Fall 2020

Domestic Underrepresented Minority Undergraduate Enrollment Trend

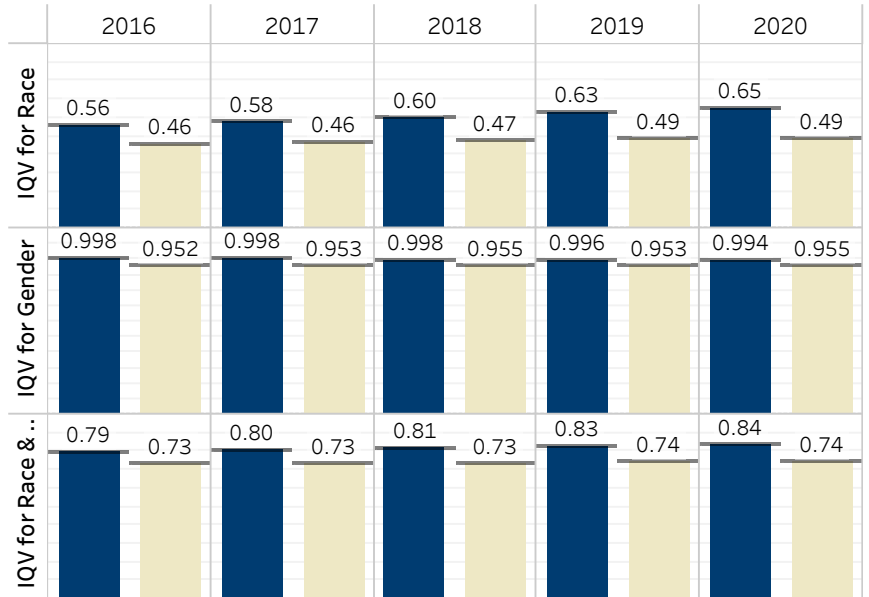

International Undergraduate Enrollment Trend

■ Full-time ■ Part-time

Newark Campus Undergraduate IQV Trend

■ IQV for Gender ■ IQV for Race & Gender
■ IQV for Race

Residency ■ Delawareans ■ Nonresidents

Domestic Underrepresented Minority (URM) is based on all ethnicity categories and includes Black, Hispanic, Native American Indian, and Hawaiian or Other Pacific Islander. The **Index of Qualitative Variation (IQV)** is a measure of variability. IQV value varies between 0 and 1, with 0 indicating no variability at all, and 1 indicating perfect variation-cases evenly divided across all categories. In other words, the closer the IQV value is to 1, the more diverse the student population is with regard to race, gender, or the gender/race combination. Unknown race and Unreported gender categories are excluded from the computation of the IQV.
