<sup>1</sup> Beginning in 2014, the methodology and results reflect National Association of Colleges and Employers (NACE) standards. The response rate is actually a "knowledge rate" which includes all available data collected.

<sup>2</sup> The number in class is based on expected graduates from IPEDS degree completions data.

<sup>3</sup> The number of respondents includes baccalaureate respondents with valid data on Career Plans Survey question A, along with additional data collected toward the "knowledge rate".

<sup>4</sup> Nineteen (0.8%) of the 2,312 respondents indicated that they are participating in a volunteer or service program (e.g. Peace Corps), nine (0.4%) of the 2,312 respondents indicated that they are engaged in military service, forty-five (1.9%) of the 2,312 respondents indicated that they are planning to continue education but are not yet enrolled, and fifteen (0.6%) of the 2,312 respondents indicated they are not seeking work in 2014.

Note: Percentages may not total to 100.0 because of rounding.
