

UD Facts & Figures 2023-2024

Graduate Enrollment by Domestic Underrepresented Minority and International Status, and Index of Qualitative Variation, Newark Campus Overall Fall 2019 through Fall 2023

Domestic Underrepresented Minority Undergraduate Enrollment Trend

International Undergraduate Enrollment Trend

Newark Campus Graduate IQV² Trend

Domestic Underrepresented Minority (URM) is based on all ethnicity categories and includes Black, Hispanic, Native American Indian, and Hawaiian or Other Pacific Islander. The Index of Qualitative Variation (IQV) is a measure of variability. IQV value varies between 0 and 1, with 0 indicating no variability at all, and 1 indicating perfect variation-cases evenly divided across all categories. In other words, the closer the IQV value is to 1, the more diverse the student population is with regard to race, gender, or the gender/race combination. Unknown race and Unreported gender categories are excluded from the computation of the IQV.
