

Zoom Quick-Start Guide for Students

This Guide is for Laptop and Desktop Computers. The Zoom App tutorial link is on the second page.

1. Download and install the Zoom app from <https://udel.zoom.us/download>

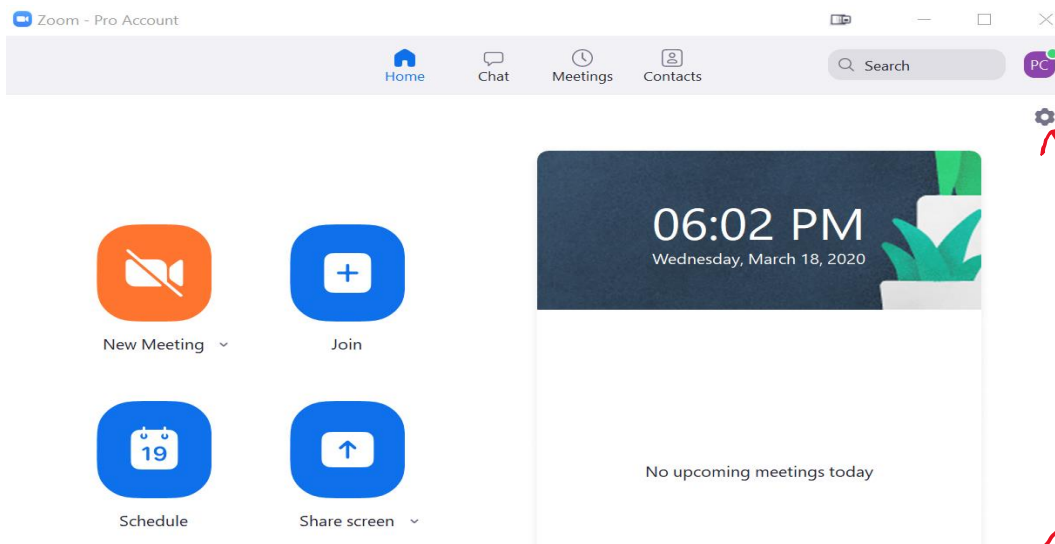

2. Open the Zoom app and sign on by clicking *Sign in with SSO*:

3. The Company Domain you have to type is **udel**

4. Click continue and it will open a webpage where you will sign in with your regular UD Username and Password.

5. After you sign in, your Zoom app should look like this:

6. Click on the Settings button to make sure your Audio and Video are working.

a. In the Settings menu, click  Video and select your Camera from the drop-down menu.

b. Then click  Audio to select and test your Speaker and Microphone.

7. Make sure that your earphones or headset are plugged in before you join any meetings. To join a meeting, you can just click on the link your professor sends you. Here is a short video about joining a meeting: <https://www.youtube.com/watch?v=hIkCmbvAHQQ>

8. Once you join the meeting, make sure that your Audio and Video are turned on. The buttons that control Audio (microphone) and Video (camera) are in the bottom left corner of the screen. Look at how Audio is muted but the video is still on in this picture:

If audio or video are not working, click on the small up arrows to select the correct mic, speaker, and camera.

9. If you want to ask a question without talking, you can click on the Chat button in the middle of the bottom of the screen and type your question.
