

Summit Bridge 4-H Club

We started up our new year with a review of the highlights of how new members can get involved. Many 4-H Members updated on what they showed or presented at the fair (and other 4-H projects) and ribbons that they won. We have pictures of some of the participants and what they displayed. Emma Apps did her public speaking speech and showed her photography photos. Andrew Shaffer did a "How To" for showing swine. Kiersten O'Hop flew over the poultry show requirements to show fowl for the fair. Leah and Sarah Apps set up their Favorite Foods place setting displays and explained how the contest works.
